Article X

Section 1 IMPEACHMENT PROCESS

The only acceptable grounds for a motion toward impeachment shall be a violation of the SDCT By-Laws as they now stand or as they may be revised or amended in the future. Such violation may be explicit or a violation of principles or intent. All elected or appointed members are obligated to conform to these By-Laws and as such are therefore subject to a charge of violation and a motion for impeachment.

Any active member may call for a motion to impeach at any general membership meeting. In that motion the member must specify the elected or appointed member(s) against whom the charges are being made and what specific article, section, and subsection He/She believes have been violated. The member making such a motion must provide a specific description of the incident(s) that have precipitated these charges and the impeachment motion being placed.

After a motion to impeach has been placed, the charges read aloud and a description of the incident verbally provided to the general membership present, the motion must be ratified. Not less than five active members in addition to the member who placed the original motion must ratify such a motion. If five active members have not supported the motion the motion shall be denied and no mention shall be included in any official records including the general membership meeting minutes.

If five active members have shown support for the motion to impeach, the motion shall be considered as sanctioned and recorded in the official records including the general membership meeting minutes. A written copy of any and all charges must be presented to the Secretary and the elected or appointed member(s) against whom the charges are placed at the general membership meeting where the impeachment motion was made. If the elected or appointed member is not present at the general membership meeting, the Secretary shall mail a copy of the charges to them. Five additional copies of the charges must be provided for the members of the Impeachment Board. The elected or appointed member(s) being charged may resign; however, the Impeachment Board will still meet and arrive at a decision.

The Board of Directors will select the Impeachment Board consisting of five (5) active members. Elected or appointed member(s) against whom the impeachment charges are placed may not participate in this selection process. None of the Impeachment Board shall be any of the minimum of five (5) who ratified and sanctioned the original motion. None of the Impeachment Board members may be related to the elected or appointed member(s) being charged or placing the charges. None of the Board of Directors may participate on the Impeachment Board. No active member if selected and found to be mutually agreeable may refuse service on the Impeachment Board. Each member of the Impeachment Board will have equal authority. The Impeachment Board shall schedule their meeting no later than two calendar weeks from the date of their selection by the Board of Directors. The elected or appointed member(s) being charged will be allowed a reasonable period of time, not to exceed the scheduled date of the Impeachment Board meeting, to gather and prepare any information prior to the meeting of the Impeachment Board.

The Impeachment Board shall be a closed meeting and not be open to the general membership. Present at this meeting will be the (5) members of the Impeachment Board, the elected or appointed member(s) being charged, the member placing these charges, a written copy of the charges and a copy of the SDCT By-Laws as amended and/or revised at that time. Present also at this meeting will be any active member(s) who can provide information regarding the incident as required by either the elected or the appointed member(s) being charged or by the member placing the motion. One member of the Impeachment Board shall read aloud each of the

written charges.

The members of the Impeachment Board will then review the article, section and sub-section(s) of the By-Laws that the elected or appointed member(s) have been charged with violating. The Impeachment Board will then determine if the letter of the By-Laws or the intent of the By-Laws has been violated by the actions taken as stated in the written charges. If the Impeachment Board determines that in their opinion neither the letter of, nor the intention of the By-Laws has been breached that charge will be so noted and removed from any further action. If the Impeachment Board determines that there has been a violation they may then question the elected or appointed member(s) as to the cause of or reason for this violation. To this end, the elected or appointed member(s) under investigation may provide any documentation or may provide testimony of any active member of SDCT on his/her behalf. In like manner the active member who placed the motion may present documentation or testimony him/herself or from any other active member of SDCT.

After considering the arguments brought forth on both sides, the Impeachment Board shall determine whether the reason or cause for the violation was in their opinion justified. If the Impeachment Board determines that the elected or appointed member(s) in question acted, although in violation of SDCT By-Laws, in the best interest of the majority of the general membership within the given circumstances, the Impeachment Board shall have the right to dismiss that charge. Each of the individual charges will be reviewed in this manner. After reviewing all charge, the Impeachment Board will determine if there are grounds for an impeachment vote. In their review they may determine that the violation(s) was not of a significant enough nature to warrant a general impeachment vote. In such a case the Impeachment Board will prepare a statement of official reprimand which will be read aloud at the next general membership meeting and the motion toward impeachment shall be considered satisfied. However, the elected or appointed member(s) shall retain his/her office and all rights and privileges normally associated there to.

If the Impeachment Board determines that based upon the specific circumstances the grounds for impeachment are not valid; they will prepare a statement of official apology to the elected or appointed member(s) against whom the impeachment motion was made. The Impeachment Board will read the statement aloud at the next general business meeting and the impeachment motion shall be considered unfounded.

If the Impeachment Board finds that the charges as they appear are indeed valid and are in violation of SDCT By-Laws and are in their determination without justifiable cause for said violation, the Impeachment Board will prepare a statement to be read aloud at the next general business meeting in which shall be, in their own words, the charges placed, the articles, sections, subsections of SDCT By-Laws which have been violated, and any comment or recommendations they may wish to include. In such a case, the Impeachment Board will notify the Secretary to prepare impeachment ballots and to have these ready for the next general business meeting.

Should the Impeachment Board find the charges placed do indeed have a valid basis, the elected or appointed member(s) charged will have from that point forward, any and all rights normally associated with his/her office suspended. Impeachment Board findings will be final and binding.

At the next monthly general business meeting the members of the Impeachment Board will as the first order of business, read their prepared statement. After the statement has been read members of the Impeachment Board will answer any questions from any active member pertaining to the material covered in their statement. Questions will be limited only to the material as contained in the statement and will not be an open discussion. No questions shall be asked of or by the elected or appointed member(s) against whom the motion was placed. Nor will any questions be asked of or by the member placing the motion. All questions shall be directed to and answered solely by the members of the Impeachment Board. The members of the Impeachment Board shall not

be required to justify their decisions. After a reasonable period for any questions, not to exceed 30 minutes, the Impeachment Board will instruct the Secretary to issue the ballots for the impeachment vote. These ballots are to be issued to active members only and will allow active members to vote for or against impeachment. Should any ballot appear to contain more than one of these two options that ballot would not be included in any count. Any ballot returned which has neither of these two options indicated will not be included in the count. One of the members of the Impeachment Board will collect the ballots. The ballots will then be tallied into one of two categories as follows: for impeachment, or against impeachment. For either outcome, the result of the count of votes on the motion for impeachment shall be entered into the official records. The Impeachment Board will count the total number of votes cast and if 51 percent or higher of these votes are for impeachment then the motion shall be carried.

No individual shall lose any rights and/or privileges that are accorded to any active member as a result of being removed from an elected or appointed position. If the elected or appointed member(s) impeached was the President, the Vice-President must assume that position. Prior to the next general membership meeting the Board of Directors may at its option appoint a suitable replacement for the vacated position or at its option determine that a new election be held to provide a replacement for the vacated position. This replacement must be approved by a quorum of the general membership.

Article XI

Section 1 OTHER MATTERS

Any circumstance not covered by SDCT By-Laws or NCCC By-Laws may utilize the latest edition of Roberts Rules of Order as a reference guide. The member(s) citing Roberts Rules of Order shall make written submission to the SDCT Secretary including references to the applicable section of Robert's Rules of Order for the circumstance. The SDCT Board shall make the final determination as to the applicability of the Roberts Rules of Order for the circumstance.

Section 2 PROCEDURES MANUAL

The purpose of the Procedures Manual (PM) is to provide guidance and clarity to the members of SDCT as they participate in the activities and the governance of the organization. It is intended as a quick reference "how to" source of current and reliable information.

The information provided in the PM is consistent with the Articles of Incorporation and the By-Laws of SDCT.

The Glossary contains definition of terms and processes utilized in all SDCT governing documents. Additions, deletions, and modifications to the PM are processed through the Board.
