

## New Payment Option

- Will be offering Square as a form of payments
  - Square is a mobile device that uses your ATM/Credit card
  - It is currently loaded on 4 board members phones for easy payments
    - Brad, Ron Salmon, Dick & Ron A
- Please note we aren't changing any payment option, this is just another way for members to pay for anything
  - Our board members have been and will continue testing this over the next few months
  - Any member that wishes to use this form of payment is welcomed and encouraged to do so
- We will officially launch this in January 2024
- How many members arrive to a GMM and forget to get cash for the 50/50?
  - Well now that won't be a problem, simply say how many tickets you want and tap your card and it's done
  - As we move forward members can pay for merchandise, renewal fees, 50/50 etc.
- If you're not at an event we can also send out invoices for you to pay
